

Wedding Planning Form

Savvi Formalwear's certified formalwear consultants make wedding planning easy. During your consultation our tuxedo experts will assist you in choosing the right attire for your wedding party. If you wish to prepare for your consultation ahead of time, print this form and follow some or all of the easy steps listed below. Then bring this information with you when you visit a Savvi location near you. We look forward to meeting you soon!

1. Make your list

Print this form and complete your personal information. List all the gentlemen who will be in your wedding party by name.

When deciding who to include in your tuxedo plans, be sure to consider all of the family members who will be appearing in your wedding pictures.

2. Pick style favorites

Use the Build-a-Tux feature of our website to create different options for your wedding party and record your favorite styles on your planning form.

In most weddings, all the men wear the same style coat, pants and shirt. The groom is often differentiated from his attendants by the color of his vest and/or tie. In some cultural traditions, the groom will wear a different color tuxedo or a longer coat in order to stand apart. NOTE: these suggestions do NOT apply to weddings of ultra formal, traditional etiquette, where gentlemen wear the cutaway, stroller, or white tie and tails. In these cases, all men are attired exactly the same.

3. Visit a store

Bring your notes with you as you visit your Savvi Formalwear retailer to set up your account. Register at savviformalwear.com for special savings. If a swatch of the bridesmaid's dresses is available, it may be helpful to bring that to your consultation.

4. Notify your gentlemen

Use our Online Wedding Manager to quickly communicate with all of your groomsmen regarding your tuxedo arrangements with Savvi Formalwear. The Wedding Manager will send them each a measurement form that they can bring with them when they get measured. If a Savvi store is not available near them, any formalwear specialist or tailor can provide these measurements. They can then submit their information securely online to Savvi at least one month before your wedding.

Wedding Planning Form

Roles	Names	Tuxedo Preference	Accessory Preference
Groom The Groom often wears a white or ivory vest and tie to match the color of the bride's dress and stand apart from the rest of the men. Silver is a common alternate. His accessories are often lighter in color than the rest of the party.			
Best Man The best man usually looks like all the other groomsmen.			
Groomsmen The groomsmen typically wear a vest and tie that compliments the color of the bridesmaids' dresses. Sometimes they wear neutral colors (like platinum, antique brass or black).			
Jr. Groomsmen The Jr. Groomsmen are younger members of the wedding party who look just like Groomsmen.			
Ushers You should have at least one usher for every 25 - 50 guests. Ushers can wear the same styles as the Groomsmen, or they can wear black accessories. Sometimes Ushers wear a black cummerbund and bow tie.			
Ring Bearer / Candle Lighter / Bible Bearer The Ringbearer is usually dressed exactly like the Groom. The youngest recommended age for a ring bearer is 3 years.			
Fathers of the Bride and Groom Typically, both fathers are attired the same, wearing black vests and ties. However, if the Groom's Father is also the Best Man (a southern tradition), then he is dressed as all other groomsmen. If the Bride's Father is not in attendance, the individual 'giving her away' should be listed here.			
Stepfathers Stepfathers usually wear the same garment as the fathers.			
Grandfathers Grandfathers usually wear the same garment as the fathers. They should receive special consideration as their age lends them to more classical choices. A bow tie is always appropriate for Grandpa!
